MEMORANDUM FOR: Director of Personnel

THROUGH: Deputy Director for Intelligence

SUBJECT: [ ] - Conversion of Military  
Officer Retiree from Reserve Employee  
to Career Employee

REFERENCE: HR 20-13, dated 18 August 1969

1. This memorandum contains a recommendation in paragraph 5 for the concurrence of the Deputy Director for Intelligence and review by the Director of Personnel.

2. [ ] GS-15, is Chief of the Western Geographic Division, Imagery Exploitation Group, NPIC. He entered on duty with the Agency on a five-year Reserve Appointment, effective 26 December 1965, after retiring from the U. S. Army with the rank of Major. Prior to this, he was assigned in a military capacity to NPIC and its predecessor organizations on two separate occasions for a total of approximately five years. With his combined military and civilian service he has approximately thirteen years of experience in the field of imagery intelligence.

3. [ ] brings to his work a fine combination of training, experience, professional competence, management ability, and personal attributes. During the past four years he has demonstrated initiative and enthusiasm in all of his assignments. He has moved through progressively more challenging positions at the Branch and Division levels and has consistently received strong and outstanding ratings in all of his major duties. As a mark of his accomplishments and his prospects, he was selected to attend the Midcareer Executive Development Course in January 1968 and he was promoted from GS-14 to GS-15 in March 1969.

4. At age 43, [ ] is relatively young for a senior manager. He has nearly seventeen years to devote to an Agency career before he reaches retirement age. Under the present terms of his employment he is subject to a review and renewal of his contract every five years, and his employment could be terminated on any of those occasions. In view of his strong performance and his fine potential for giving increasingly valuable service, it would be to the advantage of the Agency to give [ ] career status.

MEMORANDUM FOR: Director, National Photographic Interpretation Center

SUBJECT: Request for Conversion from Reserve Employee to Career Employee Status

1. This memorandum requests that I be considered for Career Employee status and sets forth my reasons for making this request. My request is motivated by a desire to apply my skills and experience to the maximum benefit of the Central Intelligence Agency, and thus the U. S. Government, in a mutually rewarding Agency career.

2. On 26 December 1965, I entered on duty with the Central Intelligence Agency as a Reserve Employee on a five-year appointment. This type of appointment was necessary because of the Agency policy which applied to me as a retired military officer. My employment will terminate this year unless the appointment is extended or I am granted Career Employee status.

3. My service with the National Photographic Interpretation Center (NPIC), both as a military officer and as a civilian, will have spanned a period of nearly ten years at the completion of my present appointment. During this period, I have had the opportunity to develop my knowledge and career interest in imagery intelligence through challenging assignments and the best available training programs. I believe that I can make a significant contribution to the vital work of NPIC and can increase the Agency's return on its investment in my development. At age 43, I have a number of years of service before I retire. It is my sincere desire to remain with the Agency, and I believe that it would be in the best interests of both the Agency and myself, for career and organizational planning purposes, if I were granted Career Employee status.

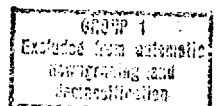

4. I request that you consider my further employment in light of the total needs of the IP Career Service and, if you concur in the relative advantages of my long term service, that you seek approval for my conversion from Reserve Employee to Career Employee status.
